

PROM MAKEOVER for a VERY DESERVING DAVIS HIGH SCHOOL SENIOR

[DreamGirls Fine Hair Import & Salon](#) joins forces with [FIDM's Fashion Club](#) and celebrity Makeup Artist, [Tai Young-Jackson](#) for a prom makeover contest!

Prom is an American tradition and a night for high school seniors to celebrate as the school year comes to an end. The lucky winner was Bianca Brown, a senior at Davis High School. Bianca was treated to a day of glamour as she had her hair styled by [Sharie Lewis](#) of *DreamGirls Fine Hair Imports & Salon* and her makeup styled by Los Angeles based celebrity Makeup Artist, *Tai Young-Jackson*. Her prom theme for the evening was "Old Hollywood" so Sharie gave her waves and curls worn by 1940's actresses such as Rita Hayworth and Ava Gardner. The prize was valued at \$1050 which included Remy hair extensions, full hair service and makeup applications. She looked absolutely fabulous for her big night. Bianca's mom, Danielle Jamison, who is still recovering from five brain surgeries was there to witness her daughter's beautiful transformation along with other salon patrons. When the makeover was complete, Bianca was overcome with emotion and there wasn't a dry eye in the salon. She was extremely thankful for the opportunity and experience. When asked about how she felt about the makeover, Bianca said, "I feel truly lucky to have been chosen the winner." Los Angeles based celebrity Makeup Artist Tai Young-Jackson said, "Working with celebrities is how I make my living but making Bianca feel like a celebrity was priceless." Sharie Lewis added, "It couldn't have happened to a more deserving young lady. I am so thrilled to be a part of this!"

Here's the winning entry submitted by Lori Fuller, the Program Coordinator for UC Davis Campus Unions for Student Involvement on behalf of Bianca Brown.

A bad hair day comes and goes for most, but for Bianca Brown "bad hair days" are plentiful. Not so in the traditional way, but in a symbolic way that reflects the current situation of her family.

Having to care for her ailing mother each day, Bianca wishes that she could stress over and think of simply having a bad hair day. For the past 3 years, Bianca has been the rock that keeps her family together as her mother struggles with overcoming brain surgery. Bianca's mother is unable to work, thus leaving very little extra money for the fun stuff and high school memories such as prom. As Bianca nears her prom, she worries that she will not have all that she needs including the help from her mom to give her the classy sewn in weave that she wants. Though not a professional stylist, Bianca's mom always made sure her girls look good. Because of her strength, Bianca deserves a day of fun and excitement that is just about her. I hope that you will consider her and make her prom memorable and special.
