

The American Heart Association's Health Equity Division
 Is working to reduce the
 risk factors for heart disease and stroke
 among communities of color.

AHA is dedicated to serving our community on a long-term basis and expanding opportunities for families to learn their risk, identify warning signs, and manage risk factors through healthy eating and physical activity. We have several tools and programs to address cardiovascular disease prevention:

Power Healthcare Professionals Toolkit

Heart Power Cooking Program

High School Blood Pressure Program

Beauty Salon and Barbershop Program

We invite you to join us.

I would be willing to: (Check all that apply)

- Utilize AHA's Healthcare Professionals Toolkit
- Conduct health screenings at events and serve as a referral doctor for patients
- Be featured in a video public service announcement
- Advocate for heart disease and stroke through letters to the editor, speaking, testimonials, etc..
- Join our planning and evaluation team
- Learn more about AHA Hypertension programs and help address hypertension in our communities
